ACTIVITIES OF THE STUDENTS

(A) VIRTUAL MINI FETE

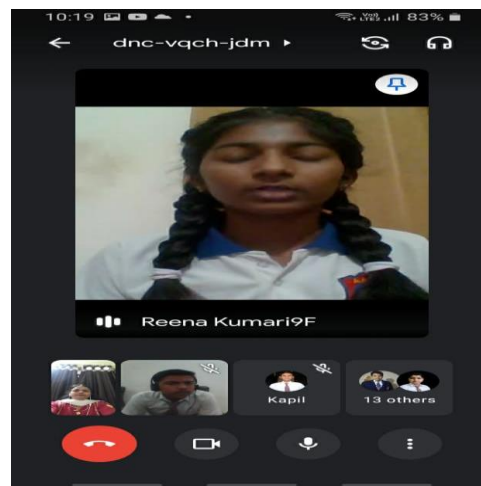

Co-curricular activities are an **essential part of school life** and help in **enhancing learning processes** of students at school. Such activities fuel the innate learning in students by stimulating creative thinking, improving social and organizational skills and developing talents. For the overall development of the child, these activities are extremely important. Such kinds of exposure also give students an opportunity to switch off their unhealthy engagement with gadgets and indulge in something one truly enjoys.

Keeping this in view, Army Public School, Gwalior organised "VIRTUAL MINI FETE", an Intra Class Competition for class I to V on 15 July 2021. The students participated enthusiastically in this virtual mini fete by organising games, selling their favourite food items to their family members and friends. A total number of 100 students participated in this Virtual Mini Fete, out of which each class teacher declared three best students in each class based on their presentation. The assessment was based on the criteria of overall presentation and creativity..
