A MESSAGE

Dear Parents,

"Somewhere, something incredible is waiting to be known." -Carl Sagan

The thirst for knowledge is not restricted to the child alone. To make children truly educated, schools and teachers must ensure that children have a society of enriching experiences. The immensity of these experiences develop a child's creativity and imagination and lead to something that is often the road to becoming a lifelong learner with a global perspective.

Letter from the Editorial Board

"It may not be automatic necessity that makes all daisies alike: it may be that God makes every daisy separately, but has never got tired of making them."

G.K. Chesterton, Orthodoxy

Welcome to the first edition of quarterly magazine an e-magazine truly dedicated to the abounding vitality and effervescence of the children of Army Public School. Nothing substitutes the feel of pages being turned for enlightening bubbles of creativity and information alike.

However, the use of electronic media is now a vital component of dissemination.

Hence, we, at Army Public School, are excited to launch the 1st publication which facilitates more experiential and meaningful teaching-learning processes not just inside the classroom but also in the school processes. The magazine is backed up by a stellar cast of experts and teachers who are ambassadors of quality and creativity. To our children, we say, "be proud of your talents"!!
