

ARMY PUBLIC SCHOOL GWALIOR

Dear Parents,

As per National Education Policy 2020, “The foundational years of education should focus on fostering curiosity, creativity, and holistic development through play-based and experiential learning. Formal assessments or evaluations are not required at this stage, as the emphasis is on building a joyful, stress-free, and nurturing environment for children to explore and grow”. Various methods have been adopted to make the learning easier and to foster the interest and curiosity of the children throughout the academic session 2024-25. The assessment process was continuous and comprehensive where children were assessed in various ways where they could achieve the developmental and academic milestones as per their age and classes. The process not only included the traditional classroom teaching but also included the development of fine and gross motor skills, language and literacy skills through dance, drama, music, story-telling, poetry, art and crafts, sports and club activities.

As we are towards the end of Academic session 2024-25, We are thankful for your unwavering support and understanding the new process of education. We hereby share with you the recapitulation syllabus which will be revised in the month of February and assessed from 22nd February -7th March 2025.

CLASS NURSERY

Colour of the month- Rainbow

Theme- Basant
