

ARMY PUBLIC SCHOOL GWALIOR

ADVISORY ON FAKE CALLS AND MESSAGES

Session 2025-26

Dear Parents,

It has come to the notice of the school that certain fraudulent activities are being carried out in the name of Army Public Schools. These include:

- Circulation of fake APK files imitating the School Digi Campus Payment Gateway
- Suspicious or fake emails, messages, and phone calls (sometimes even through WhatsApp class groups) requesting fee payments, revised fee details, or refunds (such as security deposit refunds)
- Calls falsely claiming to be from the school accountant or other school staff

These are deliberate attempts to compromise your personal data and carry out financial fraud. Please **do not click on any suspicious links** or avoid downloading any mobile applications **from outside the Google Play Store**. Always **verify any app before installing and keep it secured with a lock or password**.

Important Safety Guidelines:

1. **Be cautious while handling emails, calls, or messages related to school fees or personal data.**
 - Do not open emails from unknown senders.
 - If opened by mistake, do not click on any attachments or links.
 - Report any such suspicious email to the school office immediately.
2. **Do not respond to unknown numbers**, especially if they claim to represent the school or ask for sensitive information. **Scammers may use male or female voices to sound convincing.**
3. Please note that **AWES (Army Welfare Education Society), CBSE, or Army Public School Gwalior will never request personal information via email or phone**, nor will they ask for any form of ID for fee payment.
4. **Never share personal or confidential information** (like bank details, student ID, OTPs, etc.) over the phone or email. The **official school email IDs and phone numbers** are listed on the **cover page of the Student Almanac** and the **fee payment gateway** on the **school website**.

Your awareness is the best defence against such scams.

Stay alert, stay safe.

Principal

Army Public School, Gwalior
