

ARMY PUBLIC SCHOOL GWALIOR

Dear Parents,

In the wake of Covid-19, it is uncertain to inform you about the actual date of reopening of school. The situation is quite volatile and it seems almost impossible to have formal classes in the school till the pandemic subsides or vanishes. We will start our regular classes in school as per the directions from the Management once the situation normalises.

This is the time when we are trying to offer online study materials to our students so that they stay in touch with April month curriculum of their respective classes. We will follow it unabated in the month of May 2020 too to ensure that some learning on the proposed curriculum becomes possible at home itself.

The school has requested all available teachers to ensure that your ward(s) receives continuous support in his/her studies through typed notes, assignments and worksheets on the proposed curriculum of April (only core subjects). They will also be shared all kinds of online web links to ensure that they learn their subjects independently or with their peers, if any collaboration is permitted as per the directions from District/State/Central Government. Further, once the school reopens, we will revise the said curriculum once more in all the classes before we go for first assessment.

We are also in the process to evolve active online sessions by teachers for your ward(s) if somehow we could do in the next one week.

The activities/events of April may be rescheduled anytime once the school gets operational.

Please do encourage and guide your ward(s) to utilise this time at his/her best. Our teacher will be in touch with them for their queries and concerns.

We wish you and your family good health and happiness.

With kind regards,

Class Teachers
